

# totally interactive

**Tablo™** the intuitive, sophisticated, visually impressive, interactive digital tablet menu designed to enhance your guest's experience.

**Tablo™ Framework** allows you to showcase your hotels facilities and services to your guests in an attractive and engaging way. From restaurant to bar to leisure, Tablo will impress.

**The Framework design** allows us to deploy various features in a very rapid and cost effective way on major tablets, and touch screens up to 85" for that real wow factor.

**Tablo™** flexes to suit your business, while all the time driving profits up through its proven dynamic interface.
